<input type="checkbox"/> Cruise On/Set	<input type="checkbox"/> Shift (P,R,N,D,D2)	<input type="checkbox"/> Windows
<input type="checkbox"/> Locks	<input type="checkbox"/> Electric Park Brake	<input type="checkbox"/> Mirrors
<input type="checkbox"/> HVAC	<input type="checkbox"/> Other (describe)	<input type="checkbox"/> Other (describe)

IMPORTANT NOTES REGARDING CUSTOM VEHICLE APPLICATION

1. The time required by EMC to perform the required research to determine what requests can/cannot be supported will vary. Typical turnaround time is 7-10 business days. Factors that will affect turnaround time include: (a) Receipt of the **complete** Custom Vehicle Application Form, (b) receipt of the required electrical wiring schematics from the EMC Dealer, and (c) the possible need for EMC to obtain a local vehicle for additional research.
2. As a custom vehicle, additional charges may apply for services such as Custom Engineering, Steering Column Modification, Extensions to relocate Chassis, etc.
3. The installation of AEVIT equipment for Custom Vehicles **must** be performed by EMC at our facility located in Augusta, Maine.
4. The EMC Dealer must provide **ALL** requested electrical wiring schematics for the subject vehicle for **each** of the Secondary Driving Controls checked above **prior** to EMC commencing research on vehicle.
5. If the Custom Vehicle Application is approved, an **estimated** completion date will be provided when the vehicle **arrives** at our facility in Augusta, Maine **and** all other requirements are met (i.e. pre-payment, installation fee, consumer forms).
